

Excel-Coat Stay-Clean Stamp Release & Cleaning Agent

Data Sheet

Liquid Stay-Clean Stamp Release & Cleaning Agent for K/D II Skin & Stamp Applications

COMPOSITION:

Excel-Coat Stay-Clean Stamp Release & Cleaning Agent is a single component, low viscosity, clear liquid that aids in the use of K/D II Stamp and Skin applications.

BASIC USE:

Excel-Coat liquid Stay-Clean Stamp Release & Cleaning Agent is used to prevent sticking of the Excel-Crete to the patterned stamps and skin pads.

Antiquing powder in a variety of colors may be added to the clear Stay-Clean Stamp Release & Cleaning Agent to create an antiqued finish to a K/D II decorative overlay.

LIMITATIONS:

- Do not allow material to freeze.
- Do not apply near an open flame. Turn off all pilot lights when using in enclosed areas.

GRADE:

The Excel-Coat Stay-Clean Stamp Release & Cleaning Agent is a combustible clear liquid material with a slight fragrance added. Use with adequate ventilation and proper breathing masks.

PACKAGING:

The Excel-Coat Stay-Clean Stamp Release & Cleaning Agent is available in 1 and 5 gallon containers. (U.S. gallon measures).

SHELF LIFE:

Twelve months from shipping date stored below 80°. Do not allow material to freeze.

COLORS:

Excel-Coat Stay-Clean Stamp Release & Cleaning Agent is available in clear.

Antiquing powders may be added to the liquid Stay-Clean Stamp Release & Cleaning Agent to add a colored antique finish. The Excel-Coat Antiquing Powder is available in 10 standard colors. (Gray, Charcoal, Gray Slate, French Gray, Rustic Brown, Autumn Brown, Brick Red, Tile Red, Terra Cotta, and Walnut.)

JOB CONDITIONS:

Before any work is started, the applicator shall thoroughly examine all surfaces for any deficiencies. Should any deficiencies exist, the Architect, Owner or General Contractor shall be notified in writing and any corrections necessary shall be made.

Cold or inclement weather will affect the cure time of all Excel-Coat products. Do not install Excel-Crete over wet substrate, in the rain, or if the threat of rain exists within 24 hours. Do not apply Excel-Coat Stay-Clean Stamp Release & Cleaning Agent mixed with Antiquing Powders in the rain, or if the threat of rain exist within 24 hours.

INSTALLATION:

Application to skins and stamps:

1. Once a section of tinted Excel-Crete has been trowelled, spray textured side of skin or stamp with Excel-Coat Stay-Clean Stamp Release & Cleaning Agent at the rate of approximately 200-300 square feet per gallon in a thin, even coat. Use a Hudson sprayer or spray bottle.
2. Place stamp/skin and roll to create impression.
3. Lift each stamp/skin off the surface and move to the next area. Repeat the trowel-and-spray process as stated above. Allow the stamped/skinned Excel-Crete to dry.
4. Always clean stamps and skins thoroughly when this process has been completed.

Highlight with Stay-Clean Stamp Release & Cleaning Agent and Antiquing Powers:

1. To add an antiqued look to an Excel-Coat K/D II finish, add 2 to 4 ounces of colored Antiquing Powder to one gallon of the Excel-Coat Stay-Clean Stamp Release & Cleaning Agent and mix thoroughly.
2. Excel-Crete surface shall be dry prior to application of the tinted highlighting material.
3. Spray liquid tinted Stay-Clean Stamp Release & Cleaning Agent material from a spray bottle or Hudson Sprayer. Allow material to be absorbed flow into low spots. Excess material may be wiped off while still wet or cleaned off with soap and water prior to sealing.
4. Allow application to dry before applying a new color or second application of the same color.

Note: The final sealed finish will resemble surface as seen when tinted liquid Stay-Clean Stamp Release & Cleaning agent is still wet. Surface may appear to dry lighter, but colors will stand out once sealed with an Excel-Coat clear sealer.

STORAGE AND HANDLING:

Store Excel-Coat Stay-Clean Stamp Release & Cleaning Agent in a cool, dry area and protect from freezing. It will be necessary to stir Excel-Coat Stay-Clean Stamp Release & Cleaning Agent before using. Partial containers can be

Excellent Coatings International
